who

This FREE event is open to all Indiana-based manufacturers and entrepreneurs regardless of size and capabilities. Depending on your organization, the right attendee might be:

- Decision maker of factory floor production
- Company leadership
- Plant/Operations manager
- Technology specialist

benefits

Attendees will enjoy a presentation by industry experts and thought leaders with ample time for networking, discussions and Q&A. Mayor Fadness and members of the Indiana Economic Development Corporation will be speaking as well! The event also consists of:

- Insight on technology implementation from industry leaders
- Learn about advanced manufacturing technology solutions and workforce development training from Purdue Manufacturing Extension Partnership (MEP)
- Free qualification assessment for technology readiness
- Connections to suppliers to aid in your search for the right solution
- And more!
